ANNOUNCEMENT

PCLT/HiTOPS selected to present at the 2013 American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) National Convention

We are pleased to announce that PCLT has been selected to present a workshop at the 2013 National Convention of the American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) to be held in Charlotte, NC, April 23-27, 2013.

Melissa Murchison-Blake, Project Manager at PCLT, and Rodney Crownover, Manager of Program Fidelity at HiTOPS will present *Providing Sexuality Education in Schools: Examining & Addressing the Barriers*. Throughout this interactive session, participants will identify barriers schools commonly face to implementing complete and medically accurate sexuality education. A frequent concern of school personnel is that this type of programming will be met with widespread parental and community opposition. This workshop will engage participants in a process for assessing readiness of their schools to provide sexuality education programming, examine strategies for securing stakeholder support for programming, and help develop an action plan to build support for implementing sexuality education in their schools.

AAHPERD's mission is to promote and support leadership, research, education, and best practices in the professions that support creative, healthy, and active lifestyles.

Please see www.aahperd.org for more information or to register for the convention.
