

Announcement

CSS selected to present at 2014 National Mentoring Summit

We are pleased to announce that CSS has been selected to present a workshop at the fourth annual National Mentoring Summit to be held January 30 and 31, 2014, in Arlington, VA, at the Crystal Gateway Marriott.

Dr. Margo Ross, CSS's Senior Director of Development, and Dr. Sherry Barr, CSS's Vice President, will co-present the workshop, *Peer Group Connection: Mentoring for Safe, Supportive, Engaging, and Inspiring Environments*. This is the third consecutive year that Drs. Ross and Barr have been invited to present a workshop on PGC at the Summit.

The 2014 Summit theme will be *Mentoring Works* and will focus on how evidence-based quality mentoring relationships help young people succeed at home, in school and at work. Workshops and plenary sessions will demonstrate the many ways in which mentoring works to support positive youth outcomes by showcasing innovative program models, emerging research, and the nuances across diverse youth populations.
