**What do you like most about your role as** STC/Advisor **?**

I love guiding the mentors through the program. It's great to see the growth and change in them throughout the semester. PGC has also helped me in work and life situations. I've learned to better deal with different scenarios.

**What is the one thing you can't live without?**

I can't live without friends that are like family.

**What life advice did you learn the hard way?**

I learned about budgeting and financial issues the hard way. It's not something they taught about in school.

**What has been your favorite CSS moment so far?**

My favorite CSS moment has been the relationships I formed at the residential trainings. I still keep in touch with many of the people from my small group.
