CSS, in partnership with Trinity Counseling Service, invites you to join us for a screening of ***Paper Tigers***, a powerful documentary film by James Redford and Karen Pritzker that explores the impact of adverse childhood experiences (ACES) and toxic stress on struggling teens.

Paper Tigers follows a year in the life of Lincoln High Alternative School in Walla Walla, Washington. The school has become a promising model of how to break the cycles of poverty, violence, and disease that affect families through the practice of trauma-informed educational strategies and is a testament to what the latest research on childhood adversity is proving: that one caring adult can change the trajectory of a young person's life.
